WORK EXPERIENCE

Provincial Science and Technology Office – Bukidnon (Project SARAI) **July 2025 – Present**
GIS and Remote Sensing Staff *Malaybalay City, Philippines*

- Conducted 2 Community Level SARAI-Enhanced Agricultural Monitoring System (CL-SEAMS)
- Successfully planned, coordinated, and executed 5 meetings with SARAI CeNTRO, 4 coordination meetings with different piloting LGUs, and 1 partner SUC
- Created and presented NDVI Maps, Rainfall Maps, and Automatic Weather Station Suitability Map for Northern Mindanao Region
 - Tools:** Quantum Geographic Information Systems (QGIS), Google Earth Engine (GEE), & Google Slides
 - [Map Samples](#)
- Assisted in the preparation of procurement documents of ICT, Technical and Scientific Equipment

MSTCONNECT PH **August 2025 – Present**
Online Lecturer *Philippines*

- Created step by step workflows, and conducted the following online QGIS workshops:
 - Crime Statistics and Mapping
 - Introduction to Geographic Information System
 - Land & Watershed Management: Through QGIS-Based Soil Erosion Risk Model
 - Land Suitability Analysis

Modii Inc. **June 2025 - Present**
Freelancer (GIS data validation and entry) *Denver, Colorado*

- Data entry and validated traffic signs across 5000 street blocks using QGIS, Google Maps, and Google Sheets

Agricultural and Biosystems Engineering Division **March 2025 – July 2025**
Agricultural and Biosystems Engineer I *Malaybalay City, Philippines*

- Created Detailed Engineering Design (DED), Program of Works (POW) and Detailed Unit Price Analysis for 2 Multi-Commodity Shed (MCS) and a Multi-Purpose Drying Pavement (MPDP) project
 - Tools:** QGIS, AutoCAD, SketchUp, Enscape, Microsoft Excel, and Google Earth Pro.
- Modified Water Pump Database by integrating dropdown, checkboxes, if-else conditions, and pivot table
 - Tool:** Google Sheets
- Led 1 irrigation canal inventory activity and assisted with 2 Farm Machinery & Equipment (FME) activities
 - Tools:** DAGeoCam
- Rodman for land surveying activities of an irrigation project, 3 MCS, and 2 MPDP projects.

Northern Mindanao Agricultural Crops and Livestock Research Complex **March 2024 - May 2024**
Student Intern *Malaybalay City, Philippines*

Urban Greens Hydroponic Systems, Inc. **February 2024 - March 2024**
Student Intern *Makati City, Philippines*

GEOSPATIAL ANALYSIS PROJECTS

EDUCATION

Central Mindanao University **2020 - 2024**
Bachelor of Science in Agricultural and Biosystems Engineering *Maramag, Bukidnon, Philippines*

- cum laude*
- Thesis on "Geographic Information System-Based State On-Farm Corn (*Zea mays*) Mechanization in Southern Bukidnon"
- Created 4 Farm Structures DED, namely: a) Greenhouse; b) Cold Storage; c) Machinery Shed; and d) Swine House

CERTIFICATIONS, SKILLS & INTERESTS

- Certifications:** PRC Registered AB Engineer; GEE for Water Resources Management; Python Programming Professional Certificate; Basics of Resilience; Hazard & Risk Assessment Fundamentals; Introduction to Analytics Engineering; Learning QGIS; Practical Engineering; GAD; Seminar-Workshop on QGIS; Data Analytics Fundamentals; Google Data Analytics; Eagle Scout
- Software:** QGIS; GEE; Google Earth Pro; AutoCAD; SketchUp; Microsoft Office; Google Suite; Canva
- Skills:** Troubleshooting; Research & Development; Project Management; Team Player; Attention to Detail; Grit
- Interests:** Weightlifting; Pickleball; Food; Basketball; RomCom Movies; Listening to music
